

AI Engineer

Location: Ahmedabad, India

Experience: Approximately 1–3

Type: Full-time

About Us

WOGOM is a B2B Commerce and Retail Enablement Platform, empowering 6,000+ retailers and 450+ sellers across India with better Products, Pricing, Credit, and Growth Opportunities. Our goal is to build a connected ecosystem where technology, capital, and commerce converge to help Indian retailers scale with confidence.

Job Summary

We are seeking an AI Engineer to design, develop, and deploy AI/ML models that drive business growth. The core outcome of this role is to integrate AI models into production systems, improving model accuracy and collaborating with cross-functional teams. The primary stakeholders for this role include product, engineering, and business teams.

Key Responsibilities

- Design and develop AI/ML models for real business use cases
- Train and optimize models using structured and unstructured data
- Integrate AI models into production systems and internal tools
- Collaborate with teams to understand requirements and improve model performance
- Monitor model performance and improve accuracy over time
- Document workflows, models, and technical decisions

Requirements

- Machine Learning: fundamentals and applications
- Python programming: strong coding skills
- Model deployment: real-world AI implementation
- Data Analysis: SQL and data interpretation
- Communication: strong presentation and documentation
- APIs: backend integration and development
- Deep Learning: TensorFlow or PyTorch experience

What We Offer

- Competitive salary: ■6 LPA – ■12 LPA
- Growth opportunities: professional development and skills enhancement
- Collaborative environment: work with cross-functional teams
- Impactful work: contribute to Indian retailers' growth and success
- Modern workplace: onsite work in Ahmedabad, India

How to Apply

To apply for the AI Engineer role, please submit your resume and a cover letter explaining your experience and skills in AI/ML and data science. You can also apply through our website by clicking on the provided link. We look forward to receiving your application within the next month.
