

Visual Brand Designer

Location: Ahmedabad, India

Experience: 5 year

Employment Type: Full-time

CTC: As per company standards

Joining Time: As per company requirement

Reporting To: Marketing head

Role Overview

As a Visual Brand Designer, you will play a key role in shaping WOGOM's visual identity and creating engaging marketing materials. Your work will contribute to building a connected ecosystem where technology, capital, and commerce converge to help Indian retailers scale with confidence. You will drive the visual brand strategy, ensuring consistency across all marketing channels. Your impact will be seen in the growth and success of Indian retailers.

About WOGOM

WOGOM is a B2B Commerce and Retail Enablement Platform, empowering 6,000+ retailers and 450+ sellers across India with better Products, Pricing, Credit, and Growth Opportunities. Our goal is to build a connected ecosystem where technology, capital, and commerce converge to help Indian retailers scale with confidence.

What You'll Do

- Design marketing materials for social media and website
- Develop brand guidelines and visual identity
- Manage the marketing team's design projects
- Create engaging visual content to drive growth
- Collaborate with cross-functional teams to ensure brand consistency

Who Will Succeed in This Role

You will succeed in this role if you have a retailer-first mindset, a trust-based approach, and a scale-focused attitude. You should be able to work collaboratively with cross-functional teams, think creatively, and drive results-oriented design solutions.

Must-Have Skills

- Adobe Creative Suite: Proficient in Photoshop and Illustrator
- Figma and Sketch: Skilled in UI/UX design
- Visual Design: Strong understanding of visual design principles
- Branding: Experience in developing brand guidelines
- Design Management: Ability to manage design projects

Preferred Skills

- UI/UX Design: Experience with human-centered design

Graphic Design: Skilled in creating engaging visual content

Digital Marketing: Understanding of digital marketing channels

Collaboration Tools: Familiarity with design collaboration tools

Design Systems: Knowledge of design systems and standards
